

## Count S. A. Olson Unleashes *Infernal Angels*: A Darkly Humorous Supernatural Noir Where the Mythical Meets the Mundane

Count S. A. Olson, a master of supernatural storytelling, delves into humanity's fascination with the unknown in *Infernal Angels*. Inspired by myth, magic, and the gritty allure of noir, Olson brings a fresh voice to the detective genre, layering humor, suspense, and profound insights into the complex relationships that exist in the margins between worlds. With *Infernal Angels*, Olson channels these influences to create a thrilling ride that bridges the divine and the demonic, reminding readers that even in a world of gods and monsters, love and loyalty are as real—and perilous—as ever.

In *Infernal Angels*, the Black Shadow Detective Agency isn't your typical investigative firm. Here, a half-daemon detective takes on cases too dangerous and surreal for mere mortals. When his client, a beautiful succubus named Sasha, asks for help finding her missing friend, a Valkyrie, the case takes him on a roller-coaster journey through divine politics, realms of unimaginable power, and the underbelly of supernatural society. As he confronts gods, faeries, and ancient alliances, he realizes that rescuing this Valkyrie could be the case that finally brings him face-to-face with his darkest fears—and with the shocking truth of who, or what, he really is.

With the sarcastic quips of his crow familiar, Shadow, and the ever-present threat of powerful enemies, our detective wades through a maze of magical realms and mythological rivalries. *Infernal Angels* pulls readers into an edgy, entertaining world where epic battles, twisted humor, and moments of unexpected warmth prove that the strongest forces can exist in the most unlikely places.

*"In this business, you'd think I'd be used to monsters. But some things go beyond the typical daemon in the dark. Even a half-daemon like me learned the hard way: power alone doesn't get you what you need. Sometimes, it's about knowing when to fight and when to trust—no matter how strange your allies might seem."*

Step into a world like no other—where danger, humor, and intrigue collide. *Infernal Angels* is a spellbinding detective story for fans of supernatural suspense and dark fantasy.

Don't miss your chance to join the Black Shadow Detective Agency on their most harrowing case yet! Pick up your copy now, or visit <https://blackshadowdetectiveagency.com/> to learn more about this unforgettable adventure.
